Here Are . . . SELECTED HARDY PLANTS That Will Give Color to Your Garden Year after Year

JAPANESE IRIS

Newer . . .

ORIENTAL POPPIES

THERE is a dazzling splendor about Oriental Poppies that sets them apart from other perennials. Against a background of green, or alone in an open space, they give a brilliancy of color equaled by few plants—and excelled by none. When established they become a permanent part of the garden, thriving in any good soil, and needing little care. They should be transplanted during the dormant season, and not later than the middle of October. We have the pleasure of offering Twelve Re-selected and Distinct Varieties.

**Your Choice of these Twelve Varieties for 35 cts. each;
three of one kind for 90 cts.**

One each of any three for \$1; \$3 per doz.

- Fairy.** Lovely pale pink. Good grower and bloomer.
- Gold of Ophir.** Golden orange flowers which develop into the nearest yellow of any Oriental Poppy.
- Henry Cayeux** (The Purple Poppy). Old-rose—unusual color.
- Joyce.** A fine shade of deep rose-pink.
- Lach's Koenigen.** Peach-red, with pink cast.
- Lord Lambourne.** Scarlet; lacinated petals. Very attractive.
- May Sadler.** Salmon-pink with black markings. Large.
- Orange Perfection.** Flowers orange tinted.
- Proserpine.** Scarlet-red flowers on heavy upright stems. A high-class variety.
- Purity.** Pure soft pink, without spots or markings. Excellent in growth and bloom.
- Salmon Glow.** Salmon-orange; flowers large and double. Plant has same growing habit as Mrs. Perry.
- Wurtembergia.** Brilliant glowing rose-red. Flowers large and striking.

SPECIAL POPPY OFFER NO. 2.

One plant each of these Twelve Varieties for \$3.50

With this collection we will send free one plant of **Phenomenal**, the beautiful cerise Poppy. You may order **Phenomenal** separately at \$1 each; 3 for \$2.50.

For a more complete list of Oriental Poppies please refer to page 19 of our complete Catalogue.

All orders amounting to \$3 and over will be sent transportation charges prepaid. Orders less than \$3 will be sent either Parcel Post or Express Collect

THE fall of the year, when all nature is preparing for winter rest, is the time for planning and planting the garden of perennials. They become established before the ground freezes hard, and so are ready to burst into growth when the spring sun warms the earth.

Perennials are easily cared for. No other group of plants responds more freely to the care they do receive, nor reward the gardener with more color and beauty. By all means plant perennials this fall for spring and summer color in the garden. This special folder contains only a few of the many hundreds of varieties of perennials that we can supply. For a complete list of over a thousand varieties of perennials, rock-plants, roses, shrubs, etc., please refer to our general Catalogue for spring, 1941.

JAPANESE IRIS • *Iris Kaempferi*

Nine beautiful re-selected varieties. Each one entirely distinct from the other.

**Your choice of the Nine Varieties for only 30 cts. each;
\$2.50 per doz.; three of any one kind for 75 cts.**

- Blue Bird.** Beautiful flowers of rich, uniform blue.
- Doris Childs.** Pearl-white, veined rosy purple.
- Margaret Hendrickson.** Bluish violet with white center. Double.
- Marjorie Perry.** White with light blue cast; large flower.
- Pink Pearl.** Delicate pearly pink with lilac tone. Double.
- Princess C. D. Rohan.** Dark purple.
- Red Riding Hood.** A choice and outstanding deep pink Iris. Single.
- Rosa Anna.** Ivory white, with ruby veins.
- Victor.** Light blue, veined with darker blue.

**SPECIAL OFFER NO. 1. One each of the Nine Iris here named
for \$2. Three of each (27 plants) for \$5**

**TWO OLD STAND-BYS. Purple-and-Gold and Gold Bound.
Either of these Two Varieties 25 cts. each;**

Three of either for 60 cts.; \$2.25 per doz.

For complete list of other varieties and species of Iris please refer to pages 16 and 17 of our 1941 complete Catalogue.

ORIENTAL POPPY

PEONIES

A SPRING garden without Peonies is much like a reception without the guest of honor. The main feature is lacking.

Peonies are used to distinct advantage in small gardens and on large estates. Whether planted as single specimens, as borders along paths or drives, or used as boundary lines, Peony flowers and foliage are a distinct addition to the property.

Here are six very choice double Peonies. Each variety is a beauty, not excelled by any.

One plant of Any Variety 75 cts. Any Three Varieties for \$2.
One plant of the entire Six Varieties for \$3.75.

Cherry Hill. Soft, velvety garnet-red.

Karl Rosenfield. Deep red. Considered one of the best.

Marie Crousse. Light salmon-pink.

Mons. Jules Elie. Pink. A favorite with all growers.

Primevere. The nearest in yellows.

La Lorraine. Creamy white, large, double flowers. The finest white Peony for cutting.

For other varieties of Double Peonies please refer to our complete Catalogue.

SINGLE OR JAPANESE PEONIES

Six Selected Varieties offered at \$1 each. Any Three for \$2.50.
One each of the Six for \$4.50.

Fuyajo. Mahogany, tipped light bronze.

Mikado. Brilliant cerise-crimson.

L'Etincelante. Carmine with a silvery margin.

Lord Kitchener. Rich crimson.

Rosy Dawn. The most beautiful single white. Extra-large flowers.

Surugu. Deep red. Fine for cutting.

DOUBLE PEONY, KARL ROSENFELD

SINGLE OR JAPANESE PEONY

TREE PEONIES

Paeonia Moutan

These shrubby Peonies do not die down in autumn but form a woody growth and may become 5 to 6 feet high. They bloom freely and are valuable additions to any garden.

ALL TREE PEONIES WILL BE SHIPPED EXPRESS COLLECT

PHLOX SUBULATA

Mountain Pink, Moss Pink, Creeping Phlox

Desirable for rock-gardens, borders, and mass planting, giving a wonderful show of color.

Strong plants 25 cts. each; any 5 for \$1; \$2 per doz.

Alice Wilson. New. Bright lavender-blue. Blooms in spring and autumn.

Apple Blossom. Light pink—a lovely color. Compact habit.

Atropurpurea. Brilliant red. Very showy.

Blue Hill. Lavender-blue. The best of its color.

June Jane. Pure white; large flowers. Good grower.

Rosea Improved. Rosy pink. A greatly improved form of the old Rosea.

Samson. Deep rose, with crimson center. A new and lovely Phlox.

Vivid. Fiery rose. A compact, low grower.

PHLOX SUBULATA, APPLE BLOSSOM

HEMEROCALLIS • Daylily

Mikado. Mahogany-red eye, contrasting with the rich orange of the petals. Free flowering, and has the longest blooming period of any of the named varieties. Frequently blooms again in September. 75 cts. each; 3 for \$2. For list of other desirable large-flowering Hemerocallis refer to page 15 of our 1941 catalogue.
